Sole Patentees and Manufacturers of the PATENT GLAZED
STONE WARE SEWAGE PIPE. Offices, 25, Cornhill, London.
In Charge, Alley, Factory, Brunton's Wharf, Commercial-rd.
Limehouse.

By employing their patent machinery, R. F. and R. S. are enabled to produce a pipe line sewer and other purposes in every way superior to those made by any other process, but more especially in those qualities so absolutely essential to a perfect, cleanly made of drainage. From the great and uniform amount of pressure, and peculiar construction of the machinery, rendering all to escape, and in manufacturing, the pipes are entirely free from all defects, and are perfectly uniform in size, strength, and weight, and are perfectly smooth on the inside, insuring a perfect passage for sewage, and preventing any deposit.
